<b>Remarks:</b> <p>I have not commented in the final section because I have no clear view on how the Working Group should proceed. I think the members would benefit from briefings not only in the estimative process but also on the product review process as it is being developed in PRD.</p> <p>On the feedback problem, I have recommended in several comments the concept of consumer focal point officers. I think this would go far to resolve many of the problems raised in the meeting.</p>
